Good Letter From Dr. Howell.

Sept. 12, 1918.

Duar Blignat I write this mainly to let you knot that I haven't yet received the fast home, it is the a letter from home and I don't wast to mile a single copy, so you will please get busy. Since returning from the hospital

at that openings, June 18th, I have been about the hundest must year wnew. Pirst, I had to measure and examine the feet of shoul 250 men and have had to treat the feet of quite a number. Then I have had charge of two mards where different hinds of cases were to be cared for principally orthopedic cases with fla feet, corns callouses, busines, tilist ers, thousantiam, sprine, in viriou parts of the links and budy

Resides those patients there are others who think they are sich as exippled and same who know these is nothing the matter but are try ling to put one over on the ward our geon. It is right hard cometimes t make just discriminations. They were sixen over to use in a newly prepared ward and told to not boar. When that many are give ever from head to first and everything the least hit wrong to be noted accoun-\$51 THE RE ding to the utilitary way, with all the personal family and clinical his tories to be written up in full and only one to do it, there is some job.

The experience is great on account
of the variety of conditions.

STOMACH TROUBLE Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard
